

POSSUM HOLLOW PRODUCTS, INC.

BORE GUIDE CHART

Our *BORE GUIDES* are machined from a solid piece of Delrin. This material is 100% solvent resistant. They are designed to align the cleaning rod with the center of the rifles bore. This insures that no damage can be done by a jag or brush.

The guides are designed with a snout that extends into the chamber. This snout has a silicone "O" ring that seals off the chamber. This insures that no solvent can run back into the action or trigger.

The following is our latest list. We are adding to it daily. If you need something that is not listed please give us a call.

The following guide numbers will fit the following actions.

Actions - BRNO, Browning A-Bolt, CPS, Cooper 22, Dakota Arms Model 76, Enfield Model 1917, Grunig Elmiger, Hart, Herter Model V9, Husqvarna Model HVA & M8000, Mauser Model 3000, Mauser 38 Swedish Target, Mauser 98 type, McMillan Signature, Remington (all), Ruger Model 77 short and 77 long, S & W Model 1970, Sako L581, Savage 110 & 112V, Springfield 03A3, Stolle (all), Tanner, Weatherby Varmintmaster, and Winchester (all).
